

# One Step 500 Pro

## Pressure Washer Detergent

### **Description:**

MAG-IT One Step 500 Pro is a concentrated mixture of detergents and alkaline builders with co-solvents for use in cleaning heavily soiled surfaces of all types. It may also be used in dilute form to clean heavily soiled or greasy fabrics.

### **Directions For Use:**

MAG-IT One Step 500 Pro should be introduced at rates from 1:20 to 1:50 in standard pressure wash equipment. It may also be diluted a rate of 2 to 12 oz per gallon of water for use as a pre-wash where the One Step 500 Pro is sprayed on the surface to be cleaned and followed by a clean water pressure wash to remove road film, dirt, grease, soot and grime. For extremely soiled areas, the undiluted product can be applied with a spray bottle, allowed to sit for a minute or two, and then washed free using a clean water rinse.

### **Typical Properties:**
