

Powdered Hand Soap

Powdered Handwashing Detergent Concentrate

Description:

Powdered Hand Soap is a concentrated mixture of detergents and alkaline builders for use in commercial and home handwashing applications where heavy soils and greases accumulate on the hands and must be removed.

Directions For Use:

Powdered Hand Soap should be added to the dispenser at the handwashing stations. The product should be worked into the hands with a small amount of water and then rinsed free until the hands no longer feel slippery. Heavily soiled hands may require a repeat handwashing.

Physical Data:

SOLUBILITY IN WATER: Complete

APPEARANCE AND ODOR: White powder with a distinct odor

pH AS RECEIVED: 12 to 12.5 (2% Solution)
