

Superterg-It

Laundry Powder Concentrate

Description:

Superterg-It is a concentrated mixture of detergents and alkaline builders for use in commercial and home laundry washing applications.

Directions For Use:

Superterg-It should be added to the laundry machine at a rate of approximately 1/4 cup of dry powder per 25 lbs of soiled laundry. Higher levels may be needed for heavily soiled laundry. For best results, Superterg-It should be added to the machine first, followed by the soiled laundry. It is highly recommended that the machine manufacturers' recommendations be consulted and that these recommended guidelines be followed, as these general instructions may not be appropriate for specific machines.

Physical Data:

SOLUBILITY IN WATER: Complete
